

## **Festival of Thrones Postponed**

*For Release on **Thursday April 12th, 2018***

Transfigured Town Inc. regretfully announces that the Festival of Thrones is being rescheduled to a yet to be determined future date. Ticket holders and vendors have been notified and will both receive a full refund within the next 10 days.

Nathan Swartz, company president, states that, "The majority of current ticket holders have purchased tickets for Fandom day. Being unable to secure the celebrities we needed to be a success, we felt this postponement was an unfortunate necessity."

On a positive note, this decision will allow Transfigured Town's small but mighty team to focus solely on September's Festival of Wizardry event which has already secured the necessary acting talent and other amazing entertainers for this year. Transfigured Town wholeheartedly expressed it's continued gratitude for the Village of Blyth's ongoing support of their events.
