Owen Sound Police Services Board
922 2nd Ave West
Owen Sound, Ontario

Dear Board Chair

This letter is in regards to providing formal written notice of the possibility of disbandment of the Wingham Police Service with an effective date being February 7, 2019.

This date is not confirmed and the we have received no formal decision from the Ontario Civilian Police Commission as it relates the Municipalities request for disbandment. The municipality is currently working with the OPP on there submission to the Ontario Civilian Police Commission.

As the agreement for dispatching services had expired on December 31, 2018 and no communication with the North Huron Police Services board has occurred we have been going on the understanding that the agreement is now on a month to month basis as no formal terms of a new agreement have been agreed to.

This is **NOT** a formal request to terminate the dispatching service effective February 7, 2019 this is just providing the proposed timeline and once formal notification from the Ontario Civilian Police Commission is received the Owen Sound Police Services Board will to be again formally notified.

Thanks so much

A handwritten signature in black ink, appearing to read "T. Seip", written over a horizontal line.

Trevor Seip
North Huron Police Services Board
