Enumeration

Enhancements to Voterlookup.ca:

- New name matching capabilities
- Field for users with a single name
- Gender options of ‘other’ and ‘decline’
- Partnered with Elections Canada and Elections Ontario to promote each other’s online elector services

Voterlookup outpaced the search results from the 2014 municipal and school board elections.

- July 2014 = 120,000+ searches
- July 2018 = 169,000+ searches (close to 30% increase in use of Voterlookup)

- MPAC has now delivered all of its enumeration products
