Sent on behalf of Susan Lo, Ontario's Chief Drinking Water Inspector

Please be advised that today the Ministry of the Environment and Climate Change released the [Chief Drinking Water Inspector's Annual Report 2015-2016](#). It is available online at ontario.ca/drinkingwater.

The Chief Drinking Water Inspector's Annual Report provides an update on the provincial drinking water story during 2015-16 and includes high level information on the performance of Ontario's drinking water systems and licensed and eligible laboratories.

The report shows that Ontario's drinking water continues to be of high quality and is well protected. These findings are supported by our drinking water quality and inspection results which is available on the [Open Data Catalogue](#). The ministry and its partners are working together to ensure that Ontario's drinking water continues to remain among the best protected in the world.
