Subject: 2016 Assessment Update Municipal Summary Report

The return of 2016 assessment rolls to Ontario municipalities marks a key milestone in the organization's delivery of the province-wide 2016 Assessment Update.

2016 was a year of many firsts for MPAC's delivery of updated assessments. We made a number of changes to our operations and the products and services we deliver to property owners and stakeholders. Our goal was to undertake an Assessment Update that demonstrated a greater focus on roll stability, transparency and collaboration.

We have developed the enclosed report for municipal administration and elected officials to provide an Executive Summary of the work performed by MPAC in support of the 2016 Assessment Update, which includes municipal level snapshots of the property class changes unique to your area.

A copy of this report will also be provided to Municipal Clerks for submission to municipal councils in the new year. In the interim, I encourage you to review the report and share your comments or any questions with your local Municipal and Stakeholder Relations team.

Yours truly,
