Attention; Kathy Adams AMCT

Director of Corporate Services/clerk

This is to notify the council of the TWSP. of North Huron that I intend to appeal my assessment ,
in regard to the Jackson & Schultz drain, as presented to council by Dietrich Engineering Ltd.
on March 6, 2017.

I feel the assessment to the property in question, N1/2 37, Con.3, is too high.

Sincerely,

Vaughn Toll
