Drain.

Letter of Position From Ron Howatt

Site meeting in fall of 2015 at property Line Howatt & TOLL farm where 3 Land owners with out Engineer agreed To replace a blocked 6" tile with a Tree roots with a phowed 10" solid tile to outthet into catch basin in Von TOLL property have material and work cost shared to 1969 percentage of assement To each Land Owner!

By spring of 2016 Logger had not got tile allowce logged due to wet winter through Howatt property After heated phane call from Kelly Church made a request Tree be removed a Rush of work was compheted by Ron Howatt with use of ~~e~~cavator from Ryan Construction giving persand time not charged leaving all stumps removed Land hevel and Hewatering chanel also removed birm requested by Kelly That had been a Temporary Installed to show surface flow! Nothing done or any contact so late in summer called Kelly only comment he said thought a petition had been applied calling Engineer from a Land Owner or Owners on Drain! However Kelly Church or councillor had asked Ralph Campbell To help flag old Drain so now how can he be paid and Engineer To do same Job?

Late fall 2016 I was motified by Letter of site meeting on Jackson Drain by Engineer for the repair or replace new portion! Past problems on "A" Drain through Howatt Land of plugged sections, collapsed tile!

Jackson and Schultz Drain ^{March 07/2017}
Letter of Position From Ron Howatt

Spring 2016 repairs and new tile replaced by Ron Howatt only material and machine charged to drain gave personal time free to repair drain to working condition!

Along with all Land Owners at site meeting ~~only~~ agreed to have Engineer do survey draw and establish estimate for all new drain with an up to date Assessment to be presented at January meeting to be held at clerk office in Wingham!

At meeting of January 21/2017 was there that I and all Land Owners to have Engineer do a final recalculation of Assessment prepare State ments be delivered to council for Feburary meeting and mail copy to Land Owners which was completed in time! However to the lack of ~~some~~ ^{delay activity} ~~activity~~ it did not be put into agenda for Feburary meeting in time so then delayed to March 06/2017 meeting! Month delay to go for Tender!

This letter agrees to Engineer Report ^{only} as of per statement I will Not support any further reassessment changes of any increase To Lot 37 Con 4 of "A" or "C" portion of Jackson Drain ~~of~~ ~~some~~ Will accept Lower if possible I did not sign a petition but agree to Engineer Report!

Agree To Call Tenders ASP work To be done in Good Conditions Best Completed By October 15/2017
Otherwise summer 2018 ^{March 07/2017} Ron Howatt
